COMPANY PROFILE

 [**www.quantsol.co.ke**](http://www.quantsol.co.ke)

Company Overview

Quantasol Consultants Limited is a reputable consultancy firm specializing in Quantity Surveying, Project Management, and Facilities Management. The company is duly registered under the Companies Act and licensed in accordance with the Architects and Quantity Surveyors Act, Cap 525 of the Laws of Kenya. With a team of three seasoned Directors, Quantasol brings together over a decade of professional experience in the construction and real estate sectors. Each Director holds a Bachelor's Degree in Quantity Surveying from the University of Nairobi and is a Registered Quantity Surveyor with the Board of Registration of Architects and Quantity Surveyors (BORAQS).

Quantasol Consultants is committed to delivering cost-effective, sustainable, and client-centered solutions across all project stages — from concept to completion. Through innovation, professionalism, and attention to detail, the firm continues to provide value-driven services that ensure project success, cost efficiency, and long-term asset performance.

***The Hallmark of Quantity
Surveying Solutions***

Our Vision

To set new benchmarks of excellence in every project we undertake by consistently exceeding client expectations through high-quality, timely, and cost-effective solutions.

Core Values

Value Creation & Addition: We go beyond standard expectations by delivering solutions that add tangible value to our clients, setting us apart from competitors

Reliability: At Quantsol Consultants, we pride ourselves on being dependable, thorough, and committed to providing sustainable solutions whenever and wherever needed.

Prompt communication: We foster open and timely communication among project teams and clients to ensure transparency and continuous progress updates.

Inclusivity: We believe in collaboration and inclusivity, ensuring that all stakeholders are actively involved in our processes, resulting in widely accepted and successful projects.

Resourcefulness: We possess the agility and innovation to find effective, sustainable solutions to challenges, maintaining our competitive advantage in the industry.

Mission

To build lasting relationships with organizations seeking professional cost and project management solutions by continuously enhancing our capabilities through:

- **Provision of comprehensive Quantity Surveying services**
- **Cost consultancy and project evaluation**
- **Methodology and process development**
- **Innovative and technically sound practices.**

Goals

To be a leading provider of consultancy services in Quantity Surveying, Project Management, and Facilities Management.

To acquire, nurture, and deploy expertise that ensures fulfillment of our contractual commitments and client satisfaction.

To deliver value for money through efficient cost management across all stages of the construction process.

Our Services Overview

QUANTITY SURVEYING

Quantity Surveying (QS) is the discipline of managing all costs and contractual aspects of construction projects from inception to completion and beyond. As Quantsol Consultants Limited's principal service, QS ensures that projects are accurately priced, procured competitively, delivered within budget, and closed with transparent final accounts. QS combines technical measurement, commercial acumen, procurement knowledge and contract administration to protect client investment and maximize value for money.

Core Functions of a Quantity Surveyor

Cost Estimating & Budgeting: Produce early cost opinions and detailed estimates so clients make informed decisions.

Cost Planning & Value Management: Develop and maintain cost plans; apply value engineering to achieve the intended quality within budget.

Preparation of Bills of Quantities (BoQ): Accurately measure and document quantities to enable fair tendering and pricing.

Tendering & Procurement Advice: Manage tender processes, evaluate bids, and recommend procurement routes and contractors.

Contract Administration: Administer contracts (price valuation, interim payments, variations, extensions of time, claims).

Cost Control & Forecasting: Monitor expenditure against budget, forecast final costs, and advise on corrective action.

Final Account & Dispute Support: Prepare final accounts, settle payments, and provide expert advice for disputes or claims.

Lifecycle Costing & Facilities Handover: Advise on whole-life costs and handover documentation for operation and maintenance.

Typical Stages of Quantity Surveying

1. Pre-Design / Feasibility Stage

Purpose: Establish whether the project is financially viable and set an initial budget.

Key Tasks: Preliminary cost appraisal, benchmarking, feasibility studies, initial risk register.

Deliverables: Feasibility cost estimate, budget range, cost-risk summary, high-level value management suggestions.

2. Concept / Schematic Design Stage

Purpose: Refine the budget as design options are explored.

Key Tasks: Elemental cost planning, cost-per-square-metre studies, early value engineering, life-cycle costing input.

Deliverables: Cost plan, cost-led design advice, recommended cost targets.

3. Design Development Stage

Purpose: Produce a more accurate, measurable cost basis as the design matures.

Key Tasks: Detailed estimates, unit-cost build-ups, specification reviews, identification of high-risk cost items.

Deliverables: Detailed cost estimate, updated cost plan, risk register update, procurement strategy.

4. Pre-Tender / Procurement Stage

Purpose: Prepare documents and processes for competitive tendering or negotiated procurement.

Key Tasks: Prepare Bills of Quantities (BoQ) or other work-schedule documents, tender documentation, contractor pre-qualification, tender analysis.

Deliverables: Final BoQ/measurement schedules, tender report, recommendation of award, comparative cost analysis.

5. Tender Evaluation & Contract Award

Purpose: Select the most suitable contractor(s) and finalize contract terms.

Key Tasks: Clarifications with bidders, evaluation of commercial and technical offers, negotiation support, contract preparation.

Deliverables: Tender evaluation report, recommendation for award, signed contract documents.

*The Hallmark of Quantity
Surveying Solutions*

Typical Stages of Quantity Surveying

6. Post-Contract / Construction Phase

Purpose: Control cost and contractual compliance during construction.

Key Tasks: Measure and value works for interim payments, assess and price variations, manage provisional sums, cost forecasting, change control, administer retention and securities.

Deliverables: Interim payment certificates, variation orders with valuations, updated cost-to-complete forecasts, monthly cost reports.

7. Practical Completion & Final Account

Purpose: Agree final payments and close the financial account of the project.

Key Tasks: Final measurement, reconciliation of provisional sums, settlement negotiations, preparation of final account, release of retention after defects liability.

Deliverables: Final account statement, settlement report, release certificates, handover cost report.

8. Post-Completion / Lifecycle Support

Purpose: Support client operation and long-term asset management.

Key Tasks: Whole-life cost analysis, facilities management handover schedules, periodic cost reviews for maintenance and upgrades.

Deliverables: Lifecycle cost models, maintenance cost schedules, value-for-money reports

Our Services Overview

PROJECT MANAGEMENT

Project Management is one of Quantsol Consultants Limited's core services, providing end-to-end management and coordination of construction and development projects to ensure they are delivered on time, within budget, and to the desired quality standards. At Quantsol, we take a holistic and results-driven approach to project delivery—integrating planning, resource coordination, risk control, and stakeholder communication to turn client visions into successful, tangible outcomes.

Our Project Management Philosophy. We believe that every successful project begins with clarity, coordination, and accountability. Our project managers act as the client's trusted representatives—aligning objectives, managing resources efficiently, and proactively resolving issues before they escalate.

Our approach is grounded in three principles:

Efficiency: We streamline processes for timely decision-making and resource use.

Transparency: We maintain open communication and documentation at every stage.

Accountability: We measure success through performance indicators -time, cost, quality, and client satisfaction.

Why Us?

- Single point of accountability from design to completion.
- Cost and time efficiency through proactive coordination and monitoring.
- Reduced risks via early identification and mitigation strategies.
- High-quality outcomes through systematic oversight and compliance management.
- Peace of mind knowing experienced professionals are driving project success.

FACILITIES MANAGEMENT

Facilities Management (FM) is a key service offered by Quantsol Consultants Limited, focused on ensuring that buildings and infrastructure continue to operate efficiently, safely, and sustainably throughout their lifecycle. At Quantsol, we provide strategic and operational management of physical assets, integrating people, processes, and technology to enhance the functionality, comfort, and efficiency of the built environment. Our goal is to help clients maximize asset value, reduce operational costs, and create well-maintained, productive spaces that support business continuity.

Our Facilities Management Services Include:

Maintenance Planning & Supervision: Preventive and corrective maintenance to extend asset lifespan and minimize downtime.

Asset & Space Management: Optimizing space utilization and maintaining accurate asset registers.

Health, Safety & Environment Compliance: Ensuring all facilities meet statutory, safety, and environmental standards.

Energy & Sustainability Management: Implementing energy-efficient and environmentally responsible operations.

Vendor & Service Contract Management: Overseeing suppliers, contractors, and outsourced service providers.

Cost Control & Budgeting: Monitoring operational expenses to achieve long-term cost efficiency.

Our Value Proposition

By entrusting Quantsol with your facility management needs, clients benefit from:

- Improved operational efficiency and asset performance.
- Reduced maintenance costs through planned management systems.
- Sustainable and safe environments that meet modern standards.
- Professional oversight from registered and experienced consultants.

OUR TEAM

At Quantasol Consultants Limited, our greatest strength lies in our people. We are a team of highly skilled and passionate professionals committed to delivering excellence in every project we undertake.

Our team combines technical expertise, innovative thinking, and a client-focused approach to ensure value-driven solutions in all aspects of construction and project delivery. Supported by a network of associate consultants, engineers, architects, and technicians, we work collaboratively to achieve timely, cost-effective, and sustainable project outcomes.

At Quantasol, teamwork, professionalism, and integrity form the foundation of our service culture - ensuring every client receives personalized attention and measurable results.

OUR PORTFOLIO

At Quantisol Consultants Limited, our portfolio reflects a proven track record of excellence, innovation, and professionalism across the built environment. Over the years, we have successfully undertaken a wide range of projects in the public, private, and institutional sectors, delivering customized solutions in Quantity Surveying, Project Management, and Facilities Management.

Our work spans diverse industries including commercial developments, residential housing, educational facilities, healthcare projects, industrial complexes, and infrastructure works. Each project we handle is guided by our commitment to cost efficiency, quality assurance, and sustainable outcomes.

Through every engagement, Quantisol has earned a reputation for reliability and precision — consistently transforming client visions into well-executed, value-driven realities.

The Hallmark of Quantity Surveying Solutions

OUR PORTFOLIO

Why Engage Quantsol?

Cost certainty & control: early and continuous cost management reduces overruns. Competitive procurement: fair and transparent tendering delivers value and mitigates contractor risk.

Reduced disputes & faster closeout: clear valuations and robust records shorten claims and settlement time.

Optimised lifecycle costs: focus on whole-life value, not just lowest initial cost. Local expertise & compliance: experienced directors familiar with Kenyan statutory and professional frameworks ensure regulatory compliance and quality.

- ✓ Experienced directors with over a decade of industry practice and deep understanding of Kenya's construction environment.
- ✓ Proven ability to manage complex, multi-stakeholder projects.
- ✓ Integrated service approach linking Quantity Surveying, Project Management, and Facilities Management.
- ✓ Commitment to excellence, transparency, and client satisfaction at every stage.

Quantsol Consultants Limited approaches each project with a structured QS workflow aligned to the client's objectives. From feasibility through to final account and lifecycle advice, Quantsol provides timely, transparent, and technically robust services that protect client investment and enhance project outcomes.
